Another leopard caught in Negri Sembilan village

REMBAU: Another leopard has been caught in a trap set by the Negri Sembilan Wildlife and National Parks Department (Perhilitan) in Kampung Chembong Kecil here yesterday. Negri Sembilan Wildlife director Wan Mat Wan Harun said the trap was installed on Tuesday after the department received complaints from residents following an attack on a goat by a tiger. He said camera traps were installed to monitor the movement of leopards. "This morning, at 8.30 am, we received information from residents that a leopard had been caught. The sex, weight and age have not been ascertained and this information will be known once treatment is given by the state veterinary officer," he said here. Wan Mat said the leopard would be released in a protected area.
