# Malakoff, DRB-Hicom sign solar deals

**PETALING JAYA:** Malakoff Corp Bhd's unit will develop rooftop solar energy systems for the DRB-Hicom group under a 25-year deal.

The energy company said its subsidiary Malakoff Radiance Sdn Bhd had completed the signing of six solar power purchase agreements for the systems with six companies under the DRB-Hicom group.

"The solar facilities will be installed under a build-own-operate-transfer contract as part of a 25-year agreement," Malakoff said in a statement.

"Upon completion, these facilities are expected to generate 18,836 MWh of clean electricity per annum. These will collectively neutralise about 13,072 tonnes of carbon emissions per year from the manufacturing industry," it added.
