Monkey shot dead after injuring toddler at home

SEREMBAN: A 21-month-old girl was injured after being bitten by a monkey at the family residence in Taman Dusun Nyior here on Tuesday morning. State Wildlife and National Parks director Wan Mat Wan Harun said the incident occurred at 8.40am when the girl was in the compound of her house. "We received a call from a woman saying that her niece was attacked by a monkey. The toddler, who sustained injuries on the back of her body, is being treated at Tuanku Ja'afar Hospital," he told Bernama. He said wildlife officers found the monkey on a tree across the road from the victim's house and shot dead the animal, which weighed about 8kg. He said the department would assist the victim's family through its wild animal attack fund.
