Negri Perhilitan team captures 52kg leopard

REMBAU: A 52kg male leopard was captured by a team from the Negri Sembilan Department of Wildlife and National Parks (Perhilitan) in Kampung Solok Baing, Kendong, near here, on Wednesday. The state's Perhilitan director Wan Mat Wan Harun said a trap had been set up since Jan 15, following complaints from villagers about the animal roaming the area. "The leopard entered the trap at 9.30am. Upon receiving this information, 10 personnel from the Negri Sembilan Perhilitan were sent to the village to inspect the trap. We found that the leopard was in good condition. It will be treated by the veterinary officer from the Wildlife Department before being released in a protected area in the state under the care of Perhilitan." **Bernama**
