### Sarawak prepares for floods

**KUCHING:** The Sarawak Disaster Management Committee is ready to face any possibility of flooding. This follows a downpour advisory in several parts of the state issued by the Malaysian Meteorological Department (MetMalaysia) yesterday. MetMalaysia said Sri Aman, Betong, Sarikei, Sibul, Mukah and Kapit (including Song and Bukit Mabong) were expected to experience heavy rain until tomorrow. Also expected to be hit by the same weather are districts and divisions in Bintulu, Miri and Limbang.
