Wild jumbo cause RM100,000 losses in oil palm estates

WILD elephants have caused thousands of ringgit in damages at seven oil palm estates in Kemaman, *Star Harian* reported.

Estate owner Mohd Rudzi Abd Razak, 37, said the estates in Terengganu collectively lost about RM100,000.

According to him, the elephants had been entering the estates since January.

He said 2,000 oil palm trees were

damaged or destroyed so far.

The owners are seeking help from the Wildlife and National Parks Department (Perhilitan).

"We are aware of the issue and will discuss the best way to resolve this issue," said Terengganu Perhilitan director Dr Abdul Malek Mohd Yusof.

> Actor Fizo Omar (pic) did not realise his comments about TV3's *Buletin Utama* presenter Hawa Rizwana Ahmad Redzuan, 24, would set tongues wagging, *Harian Metro* reported.

He merely wrote 'good job Hawa' on his Instagram after seeing a video of her coverage of the King's coronation.

"I never thought my comment would lead to speculation among netizens," said Fizo, whose full name is Wan Hafizol Wan Omar.

As for Hawa herself, she said netizens should not make Fizo's comment a big deal.

"He is like my brother. We have known each other for a long time. For me, his comment is just like other people congratulating me," she said.
